# Our Philosophy

"Children are given to us on loan for a very short period of time. They come to us like packets of seeds with no guarantees. We do not know what they will look like, act like or have the potential to become. Our job, like the gardener's is to meet their needs as best as we can. To give proper nourishment, love, attention, care and to hope for the best."

A high-angle photograph of a group of approximately 12 young children, likely in a preschool or kindergarten setting. They are all wearing yellow short-sleeved shirts with dark plaid overalls. The children are looking up towards the camera with various expressions, some smiling. They are gathered on a light-colored floor, possibly in a classroom. In the background, there are colorful plastic chairs and a child's backpack with a butterfly design. The overall atmosphere is bright and cheerful.
